

## **President Chain Store Corporation**

### **Biodiversity Policy and No Deforestation Commitment**

PCSC is dedicated to becoming the best retailer, providing the most convenient lifestyle services, and fulfilling our responsibilities as a corporate citizen. The Company assumes social responsibilities and follows the principles of biodiversity policy and zero-deforestation commitments in its operating locations and supply chain, formulates systems or management guidelines, as well as proposing and implementing specific promotion plans. PCSC's commitments are as follows:

- The Company promises all operating locations and its supply chain will follow the principles of biodiversity protection and no deforestation.
- The Company will shoulder social responsibilities by actively participating in the conservation of biological resources in Taiwan, fulfilling its responsibilities as a good citizen.
- The Company will take into consideration the mitigation hierarchy to actively avoid and correct the damage to biological resources caused by its operating locations and supply chain, as well as compensating and minimizing the existing impact year by year.
- The Company will actively participate in ecological conservation and afforestation activities near its operating locations, fulfill the corporate mission to maximize the Company's value as part of the joint effort towards biodiversity conservation and zero-deforestation.
